### Verse One

What kind of stereotype did you expect me to be?  
'Cause you got me so wrong, yes you got me so wrong  
'Cause I know what you thought the first time you  
looked at me  
'Cause you got me so wrong, yes you got me so wrong

### Pre Chorus

So let me know  
How you thought that this would go  
What you thought I'd do  
When I first met you

### Chorus

Am I what you thought I'd be  
The first time you looked at me  
No, I know, I know you're misdirected  
And I guess you got me wrong  
I've been saying all along  
I'm so much more than you expected, oh

### Hook

Guess you got me wrong  
Guess you, guess you got me wrong  
Guess you got me wrong  
Guess you, guess you got me wrong

### Verse Two

So now that you know I'm not what you perceived  
'Cause you got me so wrong, yes you got me so wrong  
Will you be less quick to judge based on what you  
believed?  
'Cause you got me so wrong, yes you got me so wrong

### Pre Chorus

So let me know  
How you thought that this would go  
What you thought I'd say  
When you first met me

### Chorus

Am I what you thought I'd be  
The first time you looked at me  
No, I know, I know you're misdirected  
And I guess you got me wrong  
I've been saying all along  
I'm so much more than you expected, oh

Hook  
Guess you got me wrong  
Guess you, guess you got me wrong  
Guess you got me wrong  
Guess you, guess you got me wrong

Bridge  
Yet another misconception  
To add to my list(my list)  
It was never my intention  
For it to end like this, woah

Chorus  
Am I what you thought I'd be  
The first time you looked at me  
No, I know, I know you're misdirected  
And I guess you got me wrong  
I've been saying all along  
I'm so much more than you expected, oh

Chorus  
Am I what you thought I'd be  
The first time you looked at me  
No, I know, I know you're misdirected  
And I guess you got me wrong  
I've been saying all along  
I'm so much more than you expected, oh

Hook  
Guess you got me wrong  
Guess you, guess you got me wrong  
Guess you got me wrong  
Guess you, guess you got me wrong

Outro  
I've been saying all along  
I'm so much more than you expected, oh
