You got my heart and soul, something that I think you know

Boy, you're my kinda flavor, yeah

With your kiss, with your touch you make me feel so much

I wanna return the favor

It's pure rhapsody, baby

When you take me up there so high

Don't hold back on me, baby

I just wanna ride

(There's no one else for me so take me where I want to be)

This feeling all night long

I just wanna ride

(Until the break of dawn and all the stars above are gone)

This feeling on and on, just wanna ride

Every time you look at me gives me shivers, I can't breathe

What's on your mind, baby

Don't you know, there are no secrets here just be open

I don't care

Let your emotions go crazy

Make a list of your wishes, baby

See if I can make 'em all fly

Don't hold back on me, baby

I just wanna ride

(There's no one else for me so take me where I want to be)

This feeling all night long

I just wanna ride

(Until the break of dawn and all the stars above are gone)

This feeling on and on, just wanna ride

I just wanna ride

I just wanna ride

Anytime, anywhere
All I do is think of you and I'm walking on air
Anyplace, I don't care
You're gonna be in my dreams, 'cause my heart wants
you there

It's pure rhapsody, baby
When you take me up there so high
Don't you hold back on me, baby

I just wanna ride
(There's no one else for me so take me where I want to
be)
This feeling all night long
I just wanna ride
(Until the break of dawn and all the stars above are
gone)
This feeling on and on
(On and on and on and on and on and on)

I just wanna ride
(There's no one else for me so take me where I want to
be)
This feeling all night long
I just wanna ride
(Until the break of dawn and all the stars above are
gone)
This feeling on and on

I just wanna ride
(There's no one else for me so take me where I want to
be)
This feeling all night long
I just wanna ride
(Until the break of dawn and all the stars above are
gone)
This feeling on and on
