Looking at you, I can't believe that it's true
I've got someone who's crazy over me
Here and now, I am sure that I've found
What true love is and what love should to be

When you hold me then I know
That's where I belong and I don't want
To let you go
Nowhere in this world I'd rather be

You and I, can't deny, we can't deny
Heaven's here between your lips and mine
I promise I, I will never say good-bye
It's you and me 'til the end of time

It's just enough, all I've ever dreamed of
The love I pray for before I go to sleep
Just in time I never thought that I would find
Another reason to give all of me

When you hold me then I know
That's where I belong and I don't want
To let you go
Nowhere in this world I'd rather be

You and I, can't deny, we can't deny
Heaven's here between your lips and mine
I promise I, I will never say good-bye
It's you and me 'til the end of time

You are the air that I breathe
I've seen all that I need to see
Finally I know
Love is what used to be when
I don't and I won't have to spend
Another night alone
You don't have to be alone

You and I, can't deny, we can't deny
Heaven's here between your lips and mine
I promise I, I will never say good-bye
It's you and me 'til the end of time

It's you and me 'til the end of time
It's you and me 'til the end of time
