Verse One

You used to call me twenty times a day
But lately you seem distant, pushing me away
I need to know if I'm still your number one
Or does your fleeting fame mean me and you are done?

Pre Chorus

In every movie I've seen
On every tv show
I watch you through a screen
Baby now I need to know

Chorus

Celebrity, are you too good for me?
Is that what you've been thinking lately?
Celebrity, too good to be true
What do you wanna do?
Tell me baby

Verse Two

I wish I knew that the problem would worsen
I wish I knew when I'd see you in person
I need to know if I'm now your number two
Cause baby in that case I'll find someone new

Pre Chorus

In every movie I've seen
On every tv show
I watch you through a screen
Baby now I need to know

Chorus

Celebrity, are you too good for me?
Is that what you've been thinking lately?
Celebrity, too good to be true
What do you wanna do?
Tell me baby

Bridge

Do you think you're too good for me?

Is that why you're ignoring me?
Do you need more room to grow?
Baby let me know, oh
Do you think that I'll wait for you?
Do you think that that's what I'll do?
Need to know so don't pretend
Are we at an end baby?

Chorus

Celebrity, are you too good for me?
Is that what you've been thinking lately?
Celebrity, too good to be true
What do you wanna do?
Tell me baby

Chorus

Celebrity, are you too good for me?
Is that what you've been thinking lately?
Celebrity, too good to be true
What do you wanna do?
Tell me baby
