[Verse 1:]

I saw a difference in her
From any other
She stood alone
She was 5 foot something
But 10 feet tall to me (10 feet tall to me)
She had a thing all her own
She didn't need nobody to take her home (take her home)
No, she knew she what was doin' When she got into it
It started to turn me on, yeah
Like she wore it off the runway

Like she just stepped off a plane

Straight outta movie scene (movie scene)
Like she owns the crowd (can't help)... but to look at her
now
She's the cover of a magazine

[Chorus:]

She's got a body like a rock star

Look at her put on a show

She's got a body like a rock star

You can put her on a stage and let it go

She can entertain you all night
Won't be able to fight
Beggin' for the encore (beggin' for the encore)

So put your lighters in the sky, she's in the spotlight
Yeah, that girl's a rock star (that girl's a rock star)

[Verse 2:]

I'm in a daze, I'm truly amazed
I've become a fan (I've become a fan)
She's got me hangin' off of every word
Hangin' off of every word

Tonight she's in demand
I'm in love with a feeling (yeah) that she's givin' (yeah)
As she works the room, she's not restricted
Where does she get it
I'm so addicted to her (she looks oh-oh)
Like She wore it off the runway

Like she just stepped off a plane
Straight outta movie scene
Like she owns the crowd (can't help) but to look at her
now

She's the cover of a magazine

[Chorus:]

She's got a body like a rock star
Look at her put on a show (look at her put on a show)
She's got a body like a rock star
You can put her on a stage and let it go (let it go)
She can entertain you all night
Won't be able to fight
Beggin' for the encore (beggin' for the encore)

So put your lighters in the sky, she's in the spotlight

Yeah, that girl's a rock star (that girl's a rock star)

[Bridge:]

Rock, rock, rock your body baby, baby, oh yeah (isn't
she's a rock star)
Just rock, rock, rock your body, on me, baby, oh yeah
(isn't she a rock star)
Rock, rock, rock your body, baby for me oh yeah
(Isn't she a rock star)
Just rock, rock, rock your body, baby

(Yeah)

She's got a body like a rock star
Look at her put on a show (show me girl) She's got a
body like a rock star
You can put her on a stage and let it go (oh, yeah)
She can entertain you all night... Won't be able to fight
Beggin' for the encore (beggin' for the encore)

So put your lighters in the sky, she's in the spotlight

Yeah, that girl's a rock star. (that girl's a rock star)
(That girl's a rock star)
(Rock star)
(That girl's a rock star)
