Oh, oh, yeah, yeah

First lonely night
What will I do
I feel my heart breaking in two
I'm such a fool when will I learn
I fell so deep
Then I got burned , burned

1 - If you gave just one reason why
My heart just might let go
Maybe one day I will fall in love again
But for now I'll just leave my heart in two

2 - If I never fall in love again
If I never touch your skin again
If I never feel again this way
If I never see another day
Remember me
Remember this
'Cause one thing that will never change
Is the feeling in my heart
So broken by you

Love still remains, after you're gone
Girl please explain where did I go wrong

Repeat 1

Repeat 2

Hmph, this medley reminds me of you
La, la, la...
I can't let go

If you gave just one reason why
My heart just might let go
Maybe one day I will fall in love again
Maybe one day I will fall in love again
Maybe one day I will fall in love again

No, never fall in love again

Never pass this way again
Never, never, never
Won't fall in love again
Never fall in love again
Never pass this way again
Never, never, never
Won't fall in love again

Never had my heart broken by you
I'll just leave my heart in two
