You say it's been too long (that's right)
Since you've had some
You say I turn you on
Like a fire that's burning inside
You think I'm the one
You see in your dreams
I know what you mean
Yeah (you know what I'm saying)
It's creepin around in my head
Me holding you down in my bed
You don't have to say a word
I'm convinced you want this

Baby, you know I can give it to you
No I can't deny, I'll do it right
Just let me know and I'll give it to you
Show me where, I'll taste you there
Baby you know that I'll give it to you
Your body needs a man like me
Anything goes when I give it to you
Without a doubt
I'll turn you out
Give it to you
The feelin is fine
Giving you everything of mine

I'm the place to be
And soon you'll see
That I don't care who leads
As long as we do horizontaly
Anyone can make you sweat
But I can keep you wet
It's creepin around in my head
Me holding you down in my bed
I can't wait to give you some
I'm convinced you need it

Baby, anything goes when I give it to you
No I can't deny, I'll do it right (I can do...)
Just let me know, and I'll give it to you
Show me where, I'll taste you there (I can taste you
there)

Baby, you know that I'll give it to you
Your body needs a man like me (man like me)
Anything goes when I give it to you
Without a doubt (without a doubt) I'll turn you out (turn
you out)
Give it to you
The Feelin' is fine
Givin' you everything of mine

It's creepin' around in my head (in my head)
Me holding you down in my bed
You don't have to say a word (uh)
Just relax, I'll do the work
I can't wait to give you some
I'm convinced you need one,
Baby you know I can give it to you (I can)
No I can't deny, I'll do it right (I can't deny it)
Just let me know, and I'll give it to you (yeah)
Show me where, I'll taste you there (show me where...
I'll taste you there)
Baby you know that I'll give it to you (oh)
Your body needs a man like me (I know you want it)
Anything goes when I give it to you (You know I'll... know
I'll)
Without a doubt I'll turn you out (... know I'll give you)

I want to satisfy your every wish and mine, Baby(just let
me know)
I know just what you need and all the things you want,
Baby
No one could ever do you like I do you right baby (I... I...
Could do it right)
There's nothing we can't do cause we do it right baby
We can do... give it to you... baby
The feelin' is fine giving you everything of mine
