Yeah
I've been so lost lately
I don't really understand baby
Where did I go wrong
I wanna talk to you
Please call
Â—==Deborah==Â—
Where do I begin with you
after all that we've been through
I don't think that it would be right if we
got together so suddenly
Â—==Jordan==Â—
I wish that I could take back all the things that I said
and replace them with simply I love you instead

Â—==Deborah==Â—
You don't wanna say goodbye
But you never really seem like you wanna try
Â—==Jordan==Â—
But I only wanted you to stay
then I let you just slip away
Â—==Deborah==Â—
If you didn't listen to your heart inside
then it really doesn't matter what was on your mind
and if you need me then tell me why
Â—==Jordan==Â—
Girl, I never meant to say goodbye
Mmm Oh yeah

Â—==Jordan==Â—
I think about the past baby
Why we couldn't make it last, lady
I know you still have doubts
But I'm gonna prove that we can work things out
Â—==Deborah==Â—
I wanna be sure that you know what you put me through
and reveal that you intend to never let me down again
Â—==Jordan==Â—
It's clear to me and I can't ignore
that I have to give you something I couldn't before

Â—==Deborah==Â—

You don't wanna say goodbye
But you never really seem like you wanna try
Â—==Jordan==Â—
But I only wanted you to stay
then I let you just slip away
Â—==Deborah==Â—
If you didn't listen to your heart inside
then it really doesn't matter what was on your mind
and if you need me then tell me why
Â—==Jordan==Â—
Girl, I never meant to say goodbye

Â—==Deborah==Â—
I didn't think that we would come to this
Â—==Jordan==Â—
Ooh, no
Your eyes, your face, your smile is what I miss
Â—==Deborah==Â—
Why'd you wait so long to take me back
Â—==Deborah & Jordan==Â—
It's all a simple misunderstanding

Â—==Deborah==Â—
You don't wanna say goodbye
But you never really seem like you wanna try (Never
wanna try)
Â—==Jordan==Â—
But I only wanted you to stay
then I let you just slip away
-==Deborah==Â—
If you didn't listen to your heart inside
then it really doesn't matter what was on your mind
and if you need me then tell me why
Â—==Jordan==Â—
Girl, I never meant to say goodbye

Â—==Deborah==Â—
You don't wanna say goodbye
But you never really seem like you wanna try (But I
never meant to say)
Â—==Jordan==Â—
But I only wanted you to stay
then I let you just slip away
Â—==Deborah==Â—
If you didn't listen to your heart inside (Never meant to
see you cry, never meant to say)
then it really doesn't matter what was on your mind
and if you need me then tell me why

Girl, I never meant to say goodbye
