(Feat. Christian Davis)

Hey girl I like the way, you shake and move that thing,
I see you doing me, and baby this thing is twenty,
twenty!
I think I'm just about to make my move somehow
I got a proposition; I'll buy you what you're sipping.

Chorus:

I don't mean to rush you,
I don't want you to feel pressure,
It's just a question and if the answer is no
I'll wait all night, girl, I could wait all night!
'Till the feeling's right, girl I can wait all night!
She'll be working around, I'm losing control
When you go up n down, up n down!
I like how we're keeping guessing..
Got me acting like an adolescent.
Up n down, up n down!
Up, up, up, I want down
When you go up, up,
It goes down
When I move up, up,
I go down,
When I move up, up,
She goes down, oh!

Let's keep it after dark,
Let's take this all too far,
Keep on my spaceship,
I'll make you so you see the stars.
Lights will hit you hard,
Reflect in your back!
Girl, I kinda like how you do, do, do, do it!

Chorus:

I don't mean to rush you,
I don't want you to feel pressure,
It's just a question and if the answer is no

I'll wait all night, girl, I could wait all night!

'Till the feeling's right, girl I can wait all night!
She'll be working around, I'm losing control
When you go up n down, up n down!
I like how we're keeping guessing..
Got me acting like an adolescent.
Up n down, up n down!
Up, up, up, I want down
When you go up, up,
It goes down
When I move up, up,
I go down,
When I move up, up,
She goes down, oh!

Your body is working, baby
I like how you work it, girl!
Your body is working, baby!
I'm working your body, girl!
Your body is working, baby
I like how you work it, girl!
Your body is working, baby!
Cause I'm working your body, girl!

She'll be working around, I'm losing control
When you go up n down, up n down!
I like how we're keeping guessing..
Acting like we never listen
Up n down, up n down!
Up, up, up, I want down
When you go up, up,
It goes down
When I move up, up,
I go down,
When I move up, up,
She goes down, oh!
