I know he hurt you
I see you cryin
Girl I can stop the rain from falling
Just let me hold you
I wanna tell you
All the things you need to hear

1 - Let me be the one you need
Everything you want I'll be

2 - Baby when you're lonely
I'll be there to dry your tears
Baby when you're lonely
Don't you worry I'm right here

He always told you
He never showed you
(Always told you, never showed you)
Love is more than saying the words
Someone to talk to, someone to listen
Something that I know you've been missing

Repeat 1

Repeat 2

To take away the pain you feel
You never had a love that's real
I will always be holding you close to my heart
Girl we'll never be apart

Repeat 2

Don't you worry, don't you worry
You'll never be lonely girl
I'll be there to dry your tears
Dry your tears
You'll never be lonely girl
Don't you worry I'm right here
I'm right here

Repeat 2
