Like the sun won't shine  
Without you near  
Like I miss your drama  
And your lying tears  
Yeah, tell me again why you're still here

You're just too little too late  
And a little to slow  
To much time in the mirror  
For you to really know  
That I'm looking for more  
Then just a vanity show  
I'm not impressed  
Save your breath  
Save your breath

Like I care  
If your sorry now  
Like I care  
That you just figured it out  
I'm the best thing that's gonna ever happen to you  
Yea it's true  
Like I care

Like your the only one  
With possibilities  
I'm gonna fight for one who really understands me  
You can save all your excuses and your  
Please baby please  
You're too strong  
And you're gone, you're so gone

Like I care  
If your sorry now  
Like I care  
That you just figured it out  
I'm the best thing that's gonna ever happen to you  
Yea it's true  
Like I care

I wont even remember what I heard

How to thank you for being such a jerk  
I won't make the mistake not again not again not again  
not again not again  
Not again

Like the sun won't shine  
When you're not here

Like I care

Like I care  
If your sorry now  
Like I care  
That you just figured it out  
I'm the best thing that's gonna ever happen to you  
Yea it's true  
Like I care

Like I care  
If your sorry now  
Like I care  
That you just figured it out  
I'm the best thing that's gonna ever happen to you  
Yea it's true  
Like I care
