Light up the candles, dim all the lights
Now let the magic begin
There's peace in our hearts
As we feel the love from within

Good friends of Gavin, love's in the air
Everyone's singing a carol or sayin' a prayer
So let's

Celebrate love in this season of giving
Let's make the most of this time
Don't let this feeling be taken for granted
We'll keep it right here in our mind

Celebrate joy for the Child was sent us
To show how to live without fear
Praise the One who joined us here
And since He's what we're all made of
Let's celebrate love

Year after year, time after time
Christmas is special to me
All of these memories
Will last for a lifetime you'll see

Never too young never too old
To hear of the wonder whenever the story is told

So let's

Celebrate love in this season of giving
Let's make the most of this time
Don't let this feeling be taken for granted
We'll keep it right here in our mind

Celebrate joy for the Child who was sent us
To show how to live without fear
Praise the One who joined us here
And since He's what we're all made of
Let's celebrate love

Celebrate love, yeah

So let's

Celebrate love in this season of giving
Let's make the most of this time
Don't let this feeling be taken for granted
We'll keep it right here in our mind

Celebrate joy for the Child who was sent us
To show how to live without fear
Praise the One who joined us here
And since He's what we're all made of
Celebrate love
