Hey you left your fingerprints on your fingerprints all
over me
Hey you left your fingerprints on your fingerprints all
over me

I feel your linger, way your fingers
But your lights on my skin, mhm
I'm getting wound brush, way you press bras
I wanna breathe it again
I just wanna ask, just wanna ask if you miss me
Taste taste every piste that you kiss me
I thought I could fake it but I'm feelin naked
In front of a crowd tryin to get out I can't take it

Chorus:

Hey you left your fingerprints, all your fingerprints all
over me
Hey you left your fingerprints, all your fingerprints all
over me
On my lips, on my skin, can't erase where you've been
Boy your touch me you still feel the heat
Hey you left your fingerprints, all your fingerprints all
over me

I never meant to, somehow I let you
Murder me in the dark
We cheating something like it was nothing
But now I'm here tryin to get back my heart

I just wanna ask, I just wanna ask if you miss me
Taste taste every place that you kiss me
I thought I could fake it now I can make it
In front of the crowd tryin to make out can't take it

Chorus:

Hey you left your fingerprints, all your fingerprints all
over me
Hey you left your fingerprints, all your fingerprints all
over me
On my lips, on my skin, can't erase where you've been
Boy your touch me you still feel the heat

Hey you left your fingerprints, all your fingerprints all
over me

I'm feeling no regret, the feeling was so intense
The thought of your hands on me, is making me crazy
So how can I just forget when miss you all of this
'Cause you left all your fingerprints all over me
All over me, all over me, all over me

[Chorus:]
All over me, all over me, all over me
Yeah figure didn't go

[Chorus:]
All over me, all over me
All over me, all over me
