Don't go jumping to conclusions
Draw me in to your confusion
Don't you know that you're intruding
So back off for a while

It's never been up for debating
We got something worth the waiting
I can tell your heart is aching
And you want to make me smile

Some girls surrender
But that's not my way
All I can say is...

Give it time
You've got to try (Gotta try)
If you wanna get
Inside my world
It's no lie (Baby it's no lie)
Just give it time
'Cause I aint no ordinary girl, yeah
Ordinary girl, oh

No, yeah
It's not you that I'm rejecting
It's my heart that I'm protecting
Be careful about selecting
Who gets into my thoughts

Baby these are my conditions
I'll admit by free admission
If you make the right decision
You're the one I want

Will you surrender
Don't go away
Oh, I hope you stay

Give it time (Give it time)
You've got to try (Gotta try)
If you wanna get (If you wanna)
Inside my world

It's no lie (Baby it's no lie)
Just give it time
'Cause I aint no ordinary girl, yeah
Ordinary girl (Ordinary girl)

It's no lie (Baby it's no lie)
Just give it time
'Cause I aint no ordinary girl

It's not that I'm special
Or think that I'm so fine
Oh-oh-oh-oh-oh
But these are my boundaries
If you want to cross my line

No, oh
If you wanna get inside (Inside my world)

It's no lie (Baby it's no lie)
Just give it time
'Cause I aint no ordinary girl, yeah
Ordinary girl (If you wanna get inside)

It's no lie (Baby it's no lie)
Just give it time
'Cause I aint no ordinary girl, yeah
Ordinary girl
