Got my guard up, got my heart stuck
Had to keep to locked it, hidden away.
Where it would be safe.
Oh oh, now I'm feeling messed up
I thought I knew but
What am I supposed to do, but
Everything is changed since you said my name.
Baby.

Hook:
Baby, you get me
Out of my hand into my heart
I'm stupid for you.
So, come and get me
I think I'm ready to give you my heart
I think I'm gonna lose to you
Even if it's so stupid still do
I wanna be stupid for you.

I was fine until I met you,
Now I can't get you out of my head
You're making me weak.
It's just not like me.
And maybe cause you're not like all the other guys
That I've been hurt by, a lot do I see when you look at
me.
O oh babe, yeah.

Hook:
Baby, you get me
Out of my hand into my heart
I'm stupid for you.
So, come and get me
I think I'm ready to give you my heart
I think I'm gonna lose to you
Even if it's so stupid still do
I wanna be stupid for you.

Oh oh, stupid for you (you you you)
