All of your life you've been waiting,
Keeping your feet on the ground.
So much that you've never seen,
It's just been a dream, until now.
Everyone knows it's your moment,
The magic you need is inside.
So go out and follow your heart,
Make all your dreams, come to life.

[Chorus:]

Take to the sky, and fly, through the heavens.
Open your eyes, and soar above, the blue.
Take a breath, and believe, you can do, anything.
Time to spread your wings, and take to the sky.
(Yeahh)

Set on a course for adventure,
Somewhere beyond the blue moon,
Go and discover the treasure,
Where you land's up to you.

[Chorus:]

Take to the sky, and fly, through the heavens.
Open your eyes, and soar above, the blue.
Take a breath, and believe, you can do, anything.
Time to spread your wings, and take to the sky.

[Bridge:]

Find yourself wrapped up in rainbows,
Tinted with fireflies,
Being here is paradise.

[Chorus:]

Take to the sky, and fly, through the heavens.
Open your eyes, and soar above, the blue.
Take a breath, and believe, you can do, anything.
Time to spread your wings, and take to the sky.
Open your eyes, and soar above, the blue.
Take a breath, and believe, you can do, anything.
Time to spread your wings, and take to the sky.
(Oh yeah)
