"The Washing Machine Song"

Visit "[The Washing Machine Song](#)" on MotoLyrics.com

This is a story about a girl who attempts to defy a series of "scientific" understandings which to all but trained professionals seem like something everybody knows.

The watching eyes and open mouths and open ears say:
All the worlds a stage - take a bow.

So what do we expect? We see: someone walking forward slowly but indefinitely towards something incomprehensible, not understandable, illogical or just harder. maybe just harder

from the album "The Ironman"
