Better slow down this tune
Cause I'm about to overflow
The melody dissipates
But the music is all I know
There's a look of empty cars
On summer streets at night
Sound across the hip-hop beats
And you know that you're alive

Chorus 1:
So if you're coming 'round again
I won't break but I might bend -
Feel the darkness closing in
It fits just like a second skin -

There's a look upon your face
We know we can't replace
But I we let it go to waste?
And now I fill this empty space

Chorus 2:
So if you're coming 'round again
I won't break but I might bend
You feel the darkness closing in
It fits just like a second skin
Easy come and easy go -
But it gets cold here in the snow
Ring, ring, there's no one home
But we both know

You're not alone

(Chorus)
