Hey... Hey... Hey... Hey... (Hey...) Ohhh... Ohhh Ohhh

No matter what you say about love,
I keep coming back for more,
Keep my hand in the fire,
Sooner or later I get what I'm asking for,
No matter what you say about life,
I learn every time I bleed, the truth is a
Stranger, soul is in danger,
I gotta let my spirit be free to...
Admit that I'm wrong, and then change my mind,
Sorry but I have to move on and leave you behind

I can't waste time so give me the moment
I realized nothing's broken
No need to worry bout everything I done
Like every second like it was my last one
Don't look back at a new direction
I loved you once
Needed protection
You're still a part of everything I do
You're on my heart just like a tattoo
Just like a tattoo, I'll always have you,
I'll always have you,
I'll always have you

I'm sick of playing all of these games
It's not about taking sides
When I looked in the mirror,
It didn't deliver, it hurt enough to think that I could stop
Admit that I'm wrong and then change my mind,
Sorry but I got to be strong and leave you behind

I can't waste time so give me the moment
I realized nothing's broken
No need to worry bout everything I done
Like every second like it was my last one
Don't look back at a new direction
I loved you once
Needed protection
You're still a part of everything I do
You're on my heart just like a tattoo

Just like a tattoo I'll always have you,
I'll always have you,
I'll always have you

If I live every moment,
Won't change any moment,
There's still a part of me in you
I will never regret you
Still the memory of you
Marks everything I do.
Oooh...

I can't waste time so give me the moment
I realized nothing's broken
No need to worry bout everything I done
Like every second like it was my last one
Don't look back at a new direction
I loved you once
Needed protection
You're still a part of everything I do
You're on my heart just like a tattoo

I can't waste time so give me the moment
I realized nothing's broken
No need to worry bout everything I done
Like every second like it was my last one
Don't look back at a new direction
I loved you once
Needed protection
You're still a part of everything I do
You're on my heart just like a tattoo
Just like a tattoo I'll always have you,
I'll always have you,
I'll always have you
