When I was clean and I felt free  
It wasn't so long as we make it to be  
And now I'm learning what to make  
Of all my wreckage

Hangin' round the drug store  
I am waiting on a line again and again  
I am waiting on a line  
But it never ends  
And it wasn't always this way  
But no part of me is etched in stone  
But you can't help crashing  
When you're coming down all alone

(Chorus)  
You've gotta run and run  
Until something burns out your sun  
I've gotta stop the things we do  
I gotta get myself to walk clean with or without  
You've gotta run and run  
Until something burns out your sun  
I've gotta stop the things I do  
Gotta get myself to walk clean  
With or without you  
With or without you

You were my best friend  
But now I've gotta say goodbye  
Cause my best friend  
Wouldn't drop me down from the high

And if I'm dirty I must apologize  
If I've come alive  
Cause this 5 o'clock shadow  
Is coming way before 5  
And it's right before my eyes  
Right before my eyes

(Chorus)

So she said "you better stay off the rooftops if you,

If you've gotta hide from the sky"  
She said "you better stay off the rooftops if you,  
If you've gotta hide from the sky..."
