I'm okay, I'm okay
Don't keep asking me I might disintegrate
What do you want? I've moved on
Everything is going well, at least that's what I tell
myself
I wish I wasn't timid so I wouldn't have a heart to break.

I'm okay, I'll survive.
I only think about you half the time
All these tears, all these drops in the ocean baby
You barley even cross my mind no, no
And it doesn't hurt that much
It was only a paper cut
It's only a paper cut, a paper cut... yeah
I forget that it's there
You keep calling and calling, you don't care
How it burns, how it stings
Just cause you can't see it bleed
Doesn't mean it don't go deep
I wish I wasn't timid so I wouldn't have a heart to break.
I'm okay, I'll survive.
I only think about you half the time
All these tears, all these drops in the ocean baby
You barley even cross my mind no, no
And it doesn't hurt that much
It was only a paper cut
It's only a paper cut, a paper cut
The more I give, the less I get
Sometimes I wish that we've never met
Cause I was fine 'til you broke through
But don't worry baby I'll get over you...
But tomorrow or the next day, or they next day, or the
next day

I'm okay, I'll be fine.
I only think about you half the time
YEAHHH, Yeah, Yeahahhhhhh, YEahhh
I'm okay, I'll survive.
I only think about you half the time
All these tears, all these drops in the ocean baby
You barley even cross my mind no, no

Boy you wish it hurt that much
It was only a paper cut
It's only a paper cut, a paper cut
I'm okay, I'm okay
