I called an empty heart  
It's not a way to start  
I'm not detating who you are to be  
But I try, to be open

This flaw's affecting my brain  
All of my feelings to blame  
The things I'm asking they don't seem to work  
All them miles, of the ocean

But not have you, is suffering  
But then loving you is hard

I'd say the words  
But I don't understand the meaning  
I know I'll never start believing in the truth  
I try to quit, but I can't make you go away  
Cause it's still what I got to do  
And so I walk the walk  
That leads me to you  
And now I walk the walk  
For you

Won't you save this dance  
Is this our one last chance  
Those things I wanted so much in the past  
Have left, me uncertain

Not wanting you is leveling  
But not needing you is sad

I'd say the words  
But I don't understand the meaning  
I know I'll never start believing in the truth  
I try to quit, but I can't make you go away  
Cause it's still what I got to do  
And so I walk the walk  
That leads me to you  
And now I walk the walk  
For you

And I know that  
I won't be wasting my way  
I know that I have made my mistakes  
And I'm hoping  
You'll be on the other side  
You'll wait for me this time

I'd say the words  
But I don't understand the meaning  
I know I'll never start believing in the truth  
I try to quit, but I can't make you go away  
Cause it's still what I got to do  
And so I walk the walk  
That leads me to you  
And now I walk the walk  
For you

And now I walk the walk
