Pressure's on, make a break
No matter how high are the stakes
No fear, build strong
Dynamite, number one
Now this is the time to attack and stand tall
Together for one and one for all
The fight of your life is before your eyes
There's no room for second, this is do or die

[Chorus]

You gotta want it, you gotta need it
When it's time to lay it on the line
You gotta feel it, you gotta need it
When you dig down deep, so deep
You gotta want it, you gotta want it

This time, this game, tonight, we'll fight
Push hard, live strong
The game has just began

Now this is the time to attack and stand tall
Together for one and one for all
The fight of your life is before your eyes
There's no room for second, this is do or die

[Chorus]

You gotta want it, you gotta need it
When it's time to lay it on the line
You gotta feel it, you gotta need it
When you dig down deep, so deep
You gotta want it, you gotta want it
You gotta want it, you gotta want it

In the end, victory, will be one
But only for the champion and now
There's no holding back, no, no
Cause boy

[Chorus]

You gotta want it, you gotta need it
When it's time to lay it on the line

You gotta feel it, you gotta need it
When you dig down deep, so deep
You gotta want it, you gotta want it
You gotta want it, you gotta want it
You gotta want it, you gotta need it
When it's time to lay it on the line
You gotta feel it, you gotta need it
When you dig down deep, so deep
You gotta want it, you gotta want it
You gotta want it, you gotta want it
