### "All Love Is Dying"

Visit "[All Love Is Dying](#)" on [MotoLyrics.com](http://MotoLyrics.com)

The further I fall I'm beside you  
As lost as I get I will find you  
The day where I drown I can breath  
When I surrender I'm free

If the world should break into,  
Somehow we'll make it through  
We know we've got to hate what they fear  
We can't let them make this dissapear

Help me understand what's going on  
Cuz now were barly holding on  
We used to be so strong, our love is dying  
As long as there's a breath inside  
Love will make sure we survive  
This isn't over

If our love is dying  
Can we bring it  
Back to life  
Can we bring it  
Back to life  
Can we bring it  
Back to life

If our love is dying  
Can we bring it  
Back to life  
Can we bring it  
Back to life  
Can we bring it  
Back to life

The distance it brings us closer  
The struggle will make us stronger  
The passionly nights of fire  
Is no point in fighting

If the world should break into,  
Somehow we'll make it through  
We know we've got (we've got)

To hate (to hate) what they fear  
We can't let them make this disappear

Help me understand what's going on  
Cuz now were barely holding on  
We used to be so strong, our love is dying  
As long as there's a breath inside  
Love will make sure we survive  
This isn't over our love is dying

Can we bring it  
Back to life  
Can we bring it  
Back to life  
Can we bring it  
Back to life  
If our love is dying

Can we bring it  
Back to life  
Can we bring it  
Back to life  
Can we bring it  
Back to life  
(Ohh)

I'm never leaving your side  
I'm willing to put up a fight  
We've worked to hard to let this thing die (ohh don't  
care if I die)  
Don't care if I have to cry  
If it takes everything inside  
We've worked to hard to let this thing die  
Our love aint dying  
No our love aint dying  
(Help me to understand)

Can we bring it  
Back to life  
Can we bring it  
Back to life  
Can we bring it  
Back to life  
If our love is dying

If our love is dying can we bring it back to life
