Shout it out
I can't hold back no more
I let it out
All these feelings that were
Trapped inside
I was frozen evertime
I looked in your eyes
Clear my head
From all the cluttered things
I should've said
That wasn't me
No I can't live like that
I'm waking up and there is no
Looking back

(Chorus)
Every little tear
I was scared to cry
Everyting I feared
But I kept inside
I don't wanna hold
It back one more day
Oh wash it away
Every tiny thought clouding
Up my head
Every single word that
I never said
I refuse to feel ashamed
Let it rain
Let it rain

Clear the sky
I start to breathe again
No-thing to hide
Let you through to who
I am inside
Every layer
'Til you get underneath my skin
Let you in, let you in

(Chorus)
Every little tear

I was scared to cry
Everything I feared
But I kept inside
I don't wanna hold it back
One more day
Oh was it away
Every tiny thought
Clouding up my head
Every single word that
I never said
I refuse to feel ashamed
Let it rain
Let it rain
