If you look into your heart
With a positive mind
Take self inventory of your woman and your glory

Leave the bad things behind (ooh)
Everybody's got a story (yes they do)
About love and the good things
But for the spices of your life
You got to pay the price

If you know what I mean (ooh yeah)
Telling everybody, out loud
How a girl becomes some proud
When thought there was nothing left
I do believe I found myself

And I want to give it to you baby oh yes I do (yeah yeah)
So if you look into your heart
With a positive mind

You can take self inventory of your woman and your
glory
Leave the bad things behind
I know my man,
He really loves me we don't have that everyday (oh no
no no)
I know my man really needs me
And what ever he wanna do I wanna do it with you baby
(yeah yeah)

(do do do do)
Jump on the night
Love's not an easy game
And he's strong and he's straight
Now that I see
What he's givin' me
What ever he wanna do
I wanna do it with you baby

I'm loving you more and more and more and more
And giving you all and all of me (yeah yeah)
I say now mercy baby

I'm loving you more and more and more and more
I'm giving you all and all of me

Oh yes I am
Say mercy baby
I'm loving you more
Mercy baby
Mercy baby
Mercy baby
