I'm okay, I'm okay  
Don't keep asking me I might disintegrate  
What do you want? I've moved on  
Everything is going well, at least that's what I tell  
myself  
I wish I was the tin man, so I wouldn't have a heart to  
break.

I'm okay, I'll survive.  
I only think about you half of the time  
All these tears, all these drops in the ocean baby  
You barely even cross my mind no, no  
And it doesn't hurt that much  
It was only a paper cut  
It's only a paper cut, a paper cut... (yeah)

I forget that it's there  
You keep calling and calling, you don't care  
How it burns, how it stings  
Just cause you can't see it bleed  
Doesn't mean it don't go deep  
I wish I was the tin man, so I wouldn't have a heart to  
break.

I'm okay, I'll survive.  
I only think about you half of the time  
All these tears, all these drops in the ocean baby  
You barely even cross my mind no, no  
and it doesn't hurt that much

It was only a paper cut  
It's only a paper cut, a paper cut

The more I give, the less I get  
Sometimes I wish that we've never met  
?Cause I was fine ?til you broke through  
But don't worry baby I'll get over you...  
By tomorrow, or the next day, or the next day, or the  
next day

I'm okay, I'll be fine.  
I only think about you half the time

Yeah, Yeah, Yeah, Yeah

I'm okay, I'll survive.  
I only think about you half of the time

All these tears, all those drops in the ocean baby  
You never even cross my mind no, no  
Boy you wish it hurt that much  
It was only a paper cut  
It's only a paper cut, a paper cut  
I'm okay, I'm okay
