I'm all alone tonight  
No stars are shining on me  
I'm thinkin' I'd be alright  
If somebody would just call me, yeah

I know that I'm not crazy  
Everybody must get this way, sometimes  
So look around  
For the people in your life that say

Save me, I need somebody's help here  
Thought it would be alright but  
I'm not pullin' through on my own  
Is anyone around who can save me

I'm fallin' down, it's crazy  
If this is the pain God gave me  
I'm cool with that  
But won't somebody save me

I guess you missed the signs  
But honey I can never blame you  
I don't want ya feelin' guilty  
That'd keep you in pain too  
(Ooh)

Now I can't hear you when I'm far away, away  
So maybe you could learn from this  
And help somebody else someday

'Cause I'm human after all  
And I could not catch my fall  
And nobody ever came around my way  
To check up on me and see if I was doin' alright  
Nobody came to save me

Save me, I need somebody's help here  
Thought it would be alright but  
I'm not pullin' through on my own  
Is anyone around who can save me

I'm fallin' down, it's crazy

If this is the pain God gave me  
I'm cool with that  
But won't somebody save me

Save me from my demons  
Save me from myself  
Save me, somebody save me  
I need someones help  
(Ooh)

Save me, I need somebody's help here  
Thought it would be alright but  
I'm not pullin' through on my own  
Is anyone around who can save me

I'm fallin' down, it's crazy  
If this is the pain God gave me  
I'm cool with that  
But won't somebody save me  
(Won't somebody save me)

Save me, I need somebody's help here  
Thought it would be alright but  
I'm not pullin' through on my own  
Is anyone around who can save me

I'm fallin' down, it's crazy  
If this is the pain God gave me  
I'm cool with that  
But won't somebody save me  
(Ooh)

The others go  
And your heart belongs to another  
And I'm leaving  
Virginia is for lovers anyway
