S.O.S.

S.O.S.

What's up, girlfriend, something's going on?
You got a look about you, tell me what's wrong
Is that your boyfriend dancing with that girl on the
floor?

We got to dance now, time to show our weapon of
choice

S.O.S. is all I need to send
Just a little text, I'm calling all our friends
F.Y.I., you know it's not the end
Don't take it lying down, no crying now, it's your world

Let the music play, he won't get away
Just get the groove and then he'll come back to you
again
Let the music play, he won't get away
This groove he can't ignore, he won't leave you
anymore

S.O.S.

S.O.S.

That crazy chick don't know who she is messing with
Look in her eyes, she's mentally undressing him
Now listen, girlfriend, better step back right now
Better get your hands up, yeah, 'cause we about to get
down

S.O.S., I'm calling out again
Just a little text and you're surrounded by your girls
F.Y.I., I know how it's gonna end
Won't take it lying down, no crying now, it's your world

Let the music play, he won't get away
Just get the groove and then he'll come back to you
again
Let the music play, he won't get away
This groove he can't ignore, he won't leave you

anymore

Let the music play, he won't get away
Just get the groove and then he'll come back to you
again

Let the music play, he won't get away
This groove he can't ignore, he won't leave you
anymore

Get it on, no one stands a chance
Can't get enough when we start to dance
Come with me now, gonna shake it down
Let's blow it up, gonna hit the ground

Get it on, no one stands a chance
Can't get enough when we start to dance
Come with me now, gonna shake it down
Let's blow it up, gonna hit the ground, hit the ground

Let the music play, he won't get away
Just get the groove and then he'll come back to you
again

Let the music play, he won't get away
This groove he can't ignore, he won't leave you
anymore

Let the music play, he won't get away
Just get the groove and then he'll come back to you
again

Let the music play, he won't get away
This groove he can't ignore, he won't leave you
anymore

Let the music play, he won't get away
Just get the groove and then he'll come back to you
again

Let the music play, he won't get away
This groove he can't ignore, he won't leave you
anymore
