House of mirrors, I see your face
Come nearer, it's so hot in this place
I can't hear you, I can't breathe when you touch me
I drown and I drown and I drown

I feel like Alice, falling down through the hole
Can't stop this, going out of control
But I like it, in a freefall
That keeps going up, going up, going up

I'm so high from this love, I don't wanna look down
The room starts to sway every time you're around
Like the teacups at Disney, you're making me dizzy
You give me vertigo
When I jump on the table, I spin like a dreidle
Hold on to me baby, I feel so unstable
If I'd try to drive, I'd get a DUI
You give me vertigo

It's the next verse in our unwritten story
In the first verse, I knew you did something for me
I'm tangled, got your arms wrapped around me
I fall and I fall and I fall

I'm so high from this love, I don't wanna look down
The room starts to sway every time you're around
Like the teacups at Disney, you're making me dizzy
You give me vertigo
When I jump on the table, I spin like a dreidle
Hold on to me baby, I feel so unstable
If I'd try to drive, I'd get a DUI
You give me vertigo

You take the ground away from under my feet
Baby when you're around, there's no gravity
It's like I'm under the influence
Under the influence
Under the influence of your love

I'm so high from this love, I don't wanna look down
The room starts to sway every time you're around
Like the teacups at Disney, you're making me dizzy

You give me vertigo
When I jump on the table, I spin like a dreidle
Hold on to me baby, I feel so unstable
If I'd try to drive, I'd get a DUI
You give me vertigo

I'm so high, high, high
I'm so high, high, high

I'm so high from this love, I don't wanna look down
The room starts to sway every time you're around
Like the teacups at Disney, you're making me dizzy
You give me vertigo
