You fire words but all they do is ricochet  
You think I'm paying the price but it's not costing me

Your love was a waste of time, you've been left behind  
You made no mark on me  
You're done and you left no sign, you're not on my  
mind  
Don't try to press rewind

It's like walking on snow without leaving a trace  
And all that you've said never carried no weight  
I came out untouched and in another place  
When you're gonna get it, I'm so unaffected

When I was flying high you tried to clip my wings  
You shoot me out of the sky  
You tried to make it up buying expensive things  
My love you cannot buy

Your love was a waste of time, you've been left behind  
You made no mark on me  
You're done and you left no sign, you're not on my  
mind  
Don't try to press rewind

It's like walking on snow without leaving a trace  
And all that you've said never carried no weight  
I came out untouched and in another place  
When you're gonna get it, I'm so unaffected

It's like walking on snow without leaving a trace  
You're not gonna see, gonna see this heart break  
You huff and you puff but I'm not blown away  
When you're gonna get it, I'm so unaffected

You're trying to fight fire faulting me  
You project your self hate so easily  
You already lost so you push me lower  
As I deny slow so you punish me slower

One, two, three, four

It's like walking on snow without leaving a trace  
And all that you've said never carried no weight  
I came out untouched and in another place  
When you're gonna get it, I'm so unaffected

It's like walking on snow without leaving a trace  
You're not gonna see, gonna see this heart break  
You huff and you puff but I'm not blown away  
When you're gonna get it, I'm so unaffected

Leaving a trace, see this heart break  
Untouched and in another place  
When you're gonna get it, I'm so unaffected
