Ooh

I feel what I've been feeling for you
Means I am falling for you
Something's opened up inside of me
And I turn
In shades that only can be
The colors of you and me
I think we both know what that means
I stand inside this promise I made to myself
That I was meant for you

If I fall
If I break
If I lose myself in someone
If I give all I am it'll be with you
When I'm ready to take
All that you want me to give
It will be worth the wait
Worth the wait
It will be worth the wait

My heart
I wanna save it for you
Don't want it broken into pieces
I need myself to reverse
And could we just sit and talk a while
Just wanna see you smile
Feel your sunlight
Shining over me

If I fall
If I break
If I lose myself in someone
If I give all I am it'll be with you
When I'm ready to take
All that you want me to give
It will be worth the wait
Worth the wait

Worth all the long nights dreaming of forever
Someday we will be together
I know it will have been so worth the wait

Ooh
Please wait for me

If I fall
If I break
If I lose myself in someone
If I give all I am it'll be with you
When I'm ready to take
All that you want me to give
It will be worth the wait
Worth the wait
It will have been so worth the wait, yeah
I will be worth the wait
