Give it up, baby, we can't win this game we play
We're up and down and sideways, it don't have to be
this way
We take a good thing and send it out the window
I'll never know why
We don't do everything we can
To keep it in our hands, oh

We chuck our love into the wind
Just send it off and watch it spin
We aim way past the edge of town
But our hearts won't let it hit the ground
We both know it's out of our hands
We toss it time and time again
But our love comes right back anyway
Like a boomerang

Lucky us, baby, we get more than a single chance
I'm thinking maybe we're one small part of god's big
plan
We can't outrun it, we should know by now
It's all around
And I know we're scared to feel this way
That's why we always

Chuck our love into the wind
Just send it off and watch it spin
We aim way past the edge of town
But our hearts won't let it hit the ground
We both know it's out of our hands
We toss it time and time again
But our love comes right back anyway
Like a boomerang

Lucky us, it's out of our hands
We toss it time and time again
But our love comes right back anyway
Like a boomerang
