Don't get so close, give me room to breathe
Don't take it so serious, back it up and see
That I really like you and I don't want to let you go
But I need you to know

That I want to have fun while we're still young
Take my hand run wild with me
Chase the sun down laugh our hearts out
We'll shout we're free
Don't need to worry about happy ever after
It's all about just being happy right now
Happy right now

There will be a time when I think about love
But that's far in the future now
What we have is enough
That's just the way I feel and that's where I stand
Come with me if you can

I want to have fun while we're still young
Take my hand run wild with me
Chase the sun down laugh our hearts out
We'll shout we're free
Don't need to worry about happy ever after
It's all about just being happy right now
Happy right now

Solo

Maybe we will stay together
Maybe this will last forever
But today, right here, right now

That I want to have fun while we're still young
Take my hand run wild with me
Chase the sun down laugh our hearts out
We'll shout we're free
Don't need to worry about happy ever after
It's all about just being happy right now
Happy right now
