I can tell by the look on your face  
You're still in a melancholy place  
There's nothing worse then losing someone you love  
The memories are never enough

I know you feel like you'll never smile again  
And life as you've known it has come to an end  
Wish I didn't know what you're going through  
But I do  
I've been there too

All the hurt won't just go away  
But it gets easier with every day  
You'll always have moments when you break down and cry  
But please believe, the sun is gonna shine  
I know you feel like you'll never smile again  
And life as you've known it has come to an end  
Wish I didn't know what you're going through  
But I do  
I've been there

Down on my knees  
Begging god please  
Take this pain away  
I can't face another day  
But here I am  
I can still breathe  
And I know that he would want me to be happy

I know you feel like you'll never smile again  
And life as you've known it has come to an end  
Wish I didn't know what you're going through  
But I do  
I've been there too
