You're easy to read  
Always want what you ain't got  
You must have heard I met someone

And just because you got to  
Break  
My heart you think you  
Can walk back in and make me come undone

But you don't get to get to me  
Don't get to be the reason I lose sleep  
Don't get to hear I'm lost without you  
Truth is I ain't thought about you  
All you are is a big black cloud  
In my past, and baby I'm all rained out  
I've let you go, I've set you free  
And you don't get to get to me

So go drive right by  
My house with the windows down  
Crank our song up on the stereo  
Call as much as you want  
Anytime that you want  
I'll just delete every message off my phone

Cause you don't get to get to me  
Don't get to be the reason I lose sleep  
Don't get to hear I'm lost without you  
Truth is I ain't thought about you  
All you are is a big black cloud  
In my past, and baby I'm all rained out  
I've let you go, I've set you free  
And you don't get to get to me

You don't get to get to me  
Don't get to be the reason I lose sleep  
Don't get to hear I'm lost without you  
Truth is I ain't thought about you  
All you are is a big black cloud  
In my past, and baby I'm all rained out  
I've let you go, I've set you free  
And you don't get to get to me

You don't get to get to me
