Thought it was the easy way
Thought I made the right decision to leave
We couldn't communicate
I couldn't be free, no, no

Left it in the hands of fate
Thinking that it wasn't meant to be, but
All I really needed was space
'Cause we got in too deep
But then, oh, oh
I saw a picture of you and me seperating
Just couldn't take this moment
No, no, not able to runaway
Just like a boomerang
Got me coming back to you
Forget it, don't sell your remedy
Just like a boomerang
It's all that we kept fighting for
There's no other place I'd rather be
Like a boomerang
I know that you were right for me
Baby, there is no doubt about it
No no no doubt about it
It's like every wrong place we're back again
Just like a boomerang

(Boomerang, boomerang, boomerang)
It's like a boomerang
Baby it's a part of the game
Cause absence makes the heart grow fonder
I don't even wanna play
You've gone out with me
No, no

I know that everything could change
Just like being returned to someone
All I wanna do is stay
Wherever you'll be
But then oh oh,
I saw a picture of it, you and me seperating
Just couldn't take this moment
No no, not able to run away

Just like a boomerang
Got me coming back to you
Forget it, don't sell your remedy
Just like a boomerang
It's all that we kept fighting for
There's no other place I'd rather be
Like a boomerang
I know that you were right for me
Baby, there is no doubt about it
No no no doubt about it
It's like every wrong place we're back again
Just like a boomerang

(Boomerang, boomerang, boomerang)
It's like a boomerang
After all that's said and done
I know that we can make it through
I don't wanna run, from myself
All I want is to be with you
I've been waiting for you to comfort me
Now I'm ready to start it all over again
Just like a boomerang
Got me coming back to you
Forget it, don't sell your remedy
Like a boomerang
It's all that we kept fighting for
There's no other place I'd rather be
Like a boomerang
I know that you were right for me
Baby, there is no doubt about it
No no no doubt about it
It's like every wrong place we're back again (ohh no)
Just like a boomerang
Just like a boomerang
Just like a boomerang
Just like a boomerang
Just like a boomerang
