To life, to life, to life,  
(Mmmm)  
It's 3 am, 3 am  
I'm half asleep  
I start to feel,  
Start to feel; you next to me  
Lying here in the dark  
Somethin' don't feel that right

'Cos it's too many times a broken heart  
Too many times  
That's too many times I've had to start again  
(Ohh)

I'm looking out in the crowd  
Don't know where you are  
It's like I'm hearing you now  
But you feel so far  
I don't know what I can do  
I'm searching everywhere  
That's why I lay here at night

And dream you to life  
Dream you dream you  
(Mmmm)

I try and stop  
But I can't resist  
Can't fight it  
I fall asleep to the sweetest kiss  
I wanna see you again  
I don't want the night to end, oh  
We can break the rules, they can call us a fool  
You know I wouldn't care, as long as I have you there  
(Ohh)

I'm looking out in the crowd  
Don't know where you are  
It's like I'm hearing you now  
But you feel so far  
I don't know what I can do

I'm searching everywhere  
That's why I lay here at night  
And dream you to life

I'll be okay, I'll be alright  
I know I'll find you boy,  
When the time is right,  
I can't deny it, I can't deny  
I want you right here, right now  
In my life, right by my side.  
I could love you like no other can, oh.

I'm looking out in the crowd  
Don't know where you are  
It's like I'm hearing you now  
But you feel so far  
I don't know what I can do  
I'm searching everywhere  
That's why I lay here at night  
And dream you to life

Don't have to be all alone,  
And I know you gotta be somewhere around there  
(dream you to life)  
No one wants to be all alone  
And I know you gotta be somewhere around there
