Ah-oh, ah-oh, ah-oh (2x)

Listen up girls
Pay attention
Take some notes
On the things
I'm about to mention
Sick
And tired of the gossip
And the drama
Heard it's coming
Straight from you

Just a young girl
With ambition
Not looking for a fight
Or competition
There you go telling lies
Spreading rumours
Of the things
That just ain't true

This is rumour control
And I'm calling you out
Just to let you know
This is rumour control
Fed up with deception
So won't you listen

No more secrets
Your lies are so obscene
Can't live my life
With all these drama queens
All these whispers
Dirty looks becoming more
Then I can take
I've come to realize
I'm never gonna please you
I'll tighten up my crew
So another race through
All the scandal and envy
Betrayal

You girls are just to fake

This is rumour control
And I'm calling you out
Just to let you know
This is rumour control
Fed up with deception
So won't you listen

This is rumour control
And I'm calling you out
Just to let you know
This is rumour control

Ah-oh, Ah-oh, Ah-oh [x2]

Sweetie it's easy to see
Stepping all over my feet
You couldn't dance
For your life
Trying to flow with my mike
Baby I'm keeping it tight
I know he's keeping it right
Here we roll with no doubt
No fear
Still clear so take notes
Writing for life
Right till I die
Tossing them up
Head to the sky
Hater
Keep it real
We taking them higher
And bring in the fire
You can't deny her
The devil's a liar
And taking my closer
They talking but so what
Well here comes the beat up
Keeping my feet up
Who's staging the shots now?
She's got the heat now
We're kids to the street now

This is rumour control (5x)

Ah-oh
This is rumour control
Ah-oh
This is rumour control
