ooh  
its just another day  
pickin up the pieces baby  
tryin to find a reason not to go  
and give it all away  
cus everytime your missing  
well im feelin like im losing part of me  
and i cant remember  
where things went wrong  
cus its been so long and i  
i cant believe that its the end  
so baby help me understand

(chorus)  
whats good whats good  
with you with you  
if your not the one you want  
then i dont wanna sit and wonder  
whats good whats good  
with youuuu  
boy im sick of being lost  
and i just wanna know  
whats good (whats good)  
whats good with you

ooh  
its seemed so ment to be  
till everything got twisted baby  
look at how we've drifted from those days  
but i wont walk away  
i deserve an explanation  
tell me why your giving up on  
me cus i cant remember  
where things went wrong  
no time can let me know  
cus this ain't the way you let love in  
so baby help me understand.

(chorus)  
whats good whats good  
with you with you  
if your not the one you want

then i dont wanna sit and wonder  
whats good whats good  
with youuuu  
boy im sick of being lost  
and i just wanna know  
whats good (whats good)  
whats good with you

cus its gone too far  
cant you see these stars  
theres spoke of lonleyness  
im so confused  
what'd i do to you  
to end up in this mess  
(nothings wrong)(nothings wrong)  
so your telling me  
but i can feel the true  
so whats good whats good with you.  
(awh awh ooh)
