Everybody's talking, nobody's listening  
Everybody's talking  
Put me in the corner  
Wanna hold you in my hands  
Hold you in my hand  
Hold you in my hand  
Fill me in the darkness  
'Cause no one understands  
No one understands  
No one understands you

Chorus:

Turn me around and I've lost your face again  
Where did you go? I'd swear he was just a friend  
Turn me around and I see your face again  
I'm lost and I'm found in a stranger's arms again

Everybody's talking, nobody's listening  
Everybody's talking

Rushing to the mirror  
And I don't know who I see  
How could anybody hurt you babe  
What's wrong with me?  
Wrong with me, oh  
'Cause you might be gone  
But your car's not gone  
But your love's not gone

Chorus

Don't get jealous, dear  
I start to disappear  
I disappear, I disappear, I disappear, I disappear  
Say what you wanna say  
Be what you wanna be  
I disappear, I disappear, I disappear, I disappear

Wanna hold you in my hands  
Hold you in my hand  
Hold you in my hand

Chorus
