Home tonight,
Rest my head,
In my single childhood bed

Close my eyes,
Count to three,
Wish that you were here with me

Last year when my hands were cold,
You were always there to hold

So give me your warmest pair,
Your strongest pair of mittens,
Please

Something to get me through,
The loneliness of Christmas eve,
I fell for you, like crazy,
And I can't get thoughts of you, from me

So give me your warmest pair,
Your strongest pair of mittens,
Please

By my table I survive,
Fix the makeup from my eyes,
Fake a smile so they will see,
Wish that you were here with me

Last year when my hands were cold,
You were always there to hold

So give me your warmest pair,
Your strongest pair of mittens,
Please

Something to get me through,
The loneliness of Winter,
See, I fell for you, like crazy,
And I can't get thoughts of you, from me

So give me your warmest pair,

Your strongest pair of mittens,
Please

Shine your name,
Through the snow storm, baby,
You can break me,
To the bone, oh

I was wrong,
You were wrong to make me,
Feel like I was all alone,

Walking through my old home town,
No one else but me around,
Make an angel in the snow,
Pray that I can let you go

I fell for you, like crazy,
And I can't get thoughts of you, from me

So give me your warmest pair,
Your strongest pair,
Your warmest pair,

See, I fell for you like crazy
And and I can't get thoughts of you, from me

So give me your warmest pair,
Your strongest pair of mittens,
Please
