I could take a picture
Of you and me together
No one would believe me
No one would believe me

Say it in a whisper
That baby it don't get much better
Would I like to see you again?
You name the day
And I will pick the city
We'll fly away
Til then, call me when you miss me
If you're asking if I'd really like to see you
again
I say, oh just say when
Tell me that you feel it
This you and me together
No one would believe me
Even I cannot believe it
You kiss me like you mean it
Oh baby, it don't get much better
Would I like to see you again?
Darling just say when

You name the day
And I will pick the city
We'll fly away
Til then, call me when you miss me
If you're asking if I'd really like to see you
again
I say oh just say when
Two different worlds
I thought they'd keep us apart
I'm ignoring my head
Follow my heart
Oh you pick the day
And I will pick the city
We'll fly away
Till then, call me when you miss me
I am willing to wait
Cause I just gotta see you again
Don't ask, no. just say when

Just say when
I could take a picture
Of you and me together
No one would believe me
No one would believe me.
