Iâ€™m just going to the store, to the store
Iâ€™m just going to the store
You might not see me any more, any more
Iâ€™m just going to the store

Youâ€™re all out of cigarettes
Iâ€™m all out of love, my dear
Papa had a love heâ€™s told
That whistles lately in my ear
Skipping out on cobblestones
Our fallen dreams are from go
Wishing I could walk right by
The light is on my hair and so

Iâ€™m just going to the store, to the store
Iâ€™m just going to the store
You might not see me any more, any more
Iâ€™m just going to the store
Iâ€™m just going to the store, to the store
Iâ€™m just going to the store
You might not see me any more, any more
Iâ€™m just going to the store

Storeâ€¦
You can get everything
At the store
You can get everything and me
