You gave my back shirt back, I don't really get the meaning
It's like you're givin' up before it all goes wrong
I've been told, I don't really like the feeling
I've been away, I've been away too long
I wanna go wherever you are, I wanna be wherever you
I wanna sleep wherever you are

You said love, is a fragile thing, made of glass
But I think you're heart is a muscle
You're heart is a muscle
You gotta work it out
Make it stronger
Try for me, just a little longer
Your heart is a muscle, your heart is a muscle

Your heart is a muscle
Your heart is a muscle

If I can turn this plane around
I'd fly to where you are right now
Write your name into the sky
Hope that it'll light up your eyes

We can move, or spend the night alone together
You're real good listening, but you don't have much to say
Wake up you you won't pick up the phone whatever
You're probably sleeping, I hope you're still ok

I wanna go wherever you are, I wanna be wherever you
I wanna sleep wherever you are

You said love is a fragile thing, made of glass
But I think your heart is a muscle
Your heart is a muscle
You gotta work it out
Make it stronger
Try for me, just a little longer
Your heart is a muscle, you're heart is a muscle

Your heart is a muscle

Your heart is a muscle

If I can turn this plane around
I'd fly to where you are right now
Write your name into the sky
Hope that it'll light up your eyes

If I can turn this plane around
I'd fly to where you are right now
Write your name into the sky
Hope that it'll light up your eyes

You said love is a fragile thing, made of glass
But I think your heart is a muscle
Your heart is a muscle
You gotta work it out
Make it stronger
Try for me, just a little longer
Your heart is a muscle, your heart is a muscle

Your heart is a muscle
Your heart is a muscle

If I can turn this plane around
I'd fly to where you are right now
Write your name into the sky
Hope that it'll light up your eyes
