Arabella Arabella how come you do me like you do
Arabella Arabella how come you do me like you do
You left me grieving as you were leaving
Arabella Arabella how come you do me like you do

Arabella Arabella when you coming home
Arabella Arabella when you coming home
Aint seen no woman, no I?m not just fooling
Aint see no woman since you?ve been gone

Arabella Arabella what makes you so mean
Arabella Arabella what makes you so mean
I?m hot and bothered I?m wet and worried
I?ll get another momma in New Orleans

Arabella Arabella on the judgment day
Arabella Arabella on the judgment day
I?ll fly with the angeles, you?ll cry with the sinners
Arabella Arabella what made you go away
