[Jorn Lande/Tore Moren]

Born to lose - learn to win
Angel souls crawl in sin
Painted faces - evil races
Quest for power - clock the hour

Feel me - see me - want me - need me

You may call me the minus man
So many things I just don't understand
What's the plan here
Too many voices in my head
So many times I have been led the wrong way
And it didn't help to pray

Tell the child - it doesn't know
There are demons down below
Save the child - it cannot see
Bring a light so it can be
And bless the child

Ripped out pages - fallen stages
Always burning
Saints and sinners - spotlight winners
Always yearning

Feel me - see me - want me - need me

You may call me the minus man
So many things I just don't understand at all
What's the plan here
Too many voices in my head
So many times I have been led the wrong way
And it didn't help to pray

Tell the child - it doesn't know
There are demons down below
Save the child - it cannot see
Bring a light so it can be
And bless the child

Bless the child - it cannot see
Protect the innocense
Bless the child
