There is a demon among us whose soul belongs in hell  
Sent here to redeem us, she knows it all too well  
He comes and goes, he comes and goes, she knows it  
all too well  
But when all is said and done  
The sun goes down

She tries her best to leave him, but she is still captured  
by his spell  
She knows now she must deceive him, he knows it all to  
well  
She comes and goes, she comes and goes, he knows it  
all too well  
But when all is said and done  
The sun goes down... yeah

She comes and goes, she comes and goes, he knows it  
all too well  
And when all is said and done  
The sun goes down

There is a demon within us  
(The sun goes down)  
She tries so hard to deceive... oh  
(The sun goes down)
