[Jorn Lande]

Earthly saviour can't you see  
Bleeding is the world  
Our behaviour so absurd  
Need something to believe in

World changer - Soul rearranger  
You've left us broken hearted  
Since the day we started  
World changer - Don't be a stranger  
Let your healing power show  
We've gone too far and can't let go

In the rythim of the heat  
Feel the rush within  
Day by day avoid defeat  
Tell me there's a moaning

World changer - Soul rearranger  
Shine your light on everyone  
Make our life a happy song  
World changer - Living with danger  
You know we must be strong  
Our will to carry on World Changer...

Always the same - lust for power and gain  
Poisoned by demons of hellfire  
Choose a map of the road and carry the load  
Hold on till the judgement day  
Holy land there's blood on the sand  
Imperial ages marked by the beast  
We still hold the wire  
Always get our fingers burned  
Will we ever learn why  
I feel rush within me

World changer - Soul rearranger  
Been waiting so long  
Reveal yourself to everyone

Worldchanger - Soul rearranger  
You left me blind I cannot see
