Chorus

{Moises}

2x

No te quiero perder

Eres mi mujer

No te quiero perder

Puedo enloqueser

1st verse

{Jormen Carr}

Uh Uh Uh Uh

I swear that we used to be the cutest couple

But I guess nothing is forever

You moved on and found somebody new and just to

tell the true I hope you do change for the better

Better

Trynna act like it's what ever

Like you don't reminisce bout when we used to be
together

I should had known better

I should had known better

I should had known you wasn't going to wait for me
forever

Ever

Cuz you was looking for your Mr. Right

Either way you see it you don't deserve this, this isn't
right

Saying that I changed that the fame had me feeling
hype

Feel like I'm enjoying just too much of the city life

But when the shows over and the curtains closes

When the money goes, who will remain the closest?

Do you think of me baby girl and I promise

I ma change starting from tonight!

Chorus

{Moises}

2x

No te quiero perder

Tu eres mi mujer

No te quiero perder

Puedo enloqueser

2nd Verse

{Jormen Carr}

Uh Uh Uh Tomorrow

I ma act like nothing ever happened

I ma carry on with my life

(My Life)

I ma erase all your memories I ma get you out of my
mind

(My mind)

But who in the heck am I kidding?

I'm not the one I used to be when you was with me

Time flies quickly and it's such a pity

That I couldn't appreciate your love when you was with
me

I never played with your emotions

Cuz I saw your tears fall in the ocean

I know it was easy

I know you had leave me

But I guess I didn't give you another option

So tonight

Everything is gonna change

When gonna flip to a new page

Evolve to a new stage

See love in a new way

Wake up girl is a new day

Hey!

Chorus

{Moises}

2x

No te quiero perder

Eres mi mujer

No te quiero perder

Puedo enloqueser
